AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Deering, of which the above is a true summary for the fiscal year ending June 30, 1928, and find them correct in all respects.

EDWARD W. COLBURN

CHESTER P. McNALLY

Auditors.

July 15, 1928

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Deering, N. H., School District, the report of the Superintendent of Schools, for the school year of 1927-1928, is hereby respectfully submitted:—

The Pond School was not opened this year because of the small number of children in that district. Miss Margaret Grover, a Keene Normal graduate taught in the North District, Miss Angie Nugent, a Main Normal School graduate taught in Manselville, resigned in the Spring and Miss Elizabeth Doty, a Wheaton College graduate, with a year's teaching experience agreed to finish out the year in that school, and had great success, enjoying the good will and respect of the pupils, parents and officers. Miss Helen Stanley, a teacher with several years' experience, taught in the West Deering School, and Cadets had charge of the East Deering School.

The Cadets were paid at the rate of \$612 per year, Miss Nugent received \$800, Miss Grover \$850, and Miss Stanley \$900, a total of \$3162. That was an average salary of \$777 compared with \$676.80 last year. This increase was due to having a regular teacher at the North School in place of cadets, as we had last year. However, our average salary is still more than \$200 less than the state's average salary for the same sort of schools. Our teachers all had licenses to teach from the State Board of Education, but a certificate is the higher form of approval, and all teachers should strive, by study and examination, to receive that higher form of approval, in fact if they do not do so there is a probability that they may

lose their license. Last year I recommended that a small salary bonus be paid each teacher who attended a summer session of Normal School or college; I make the same recommendation now.

Our total enrollment was:—

School	Boys	Girls	Total
East	6	0	6
North	4	5	9
West	3	7	10
Manselville	8	11	19
Totals	21	23	44

Last year we had an enrollment of 54, of whom 3 were graduated, 17 moved out of town, and ten new ones came in. The fact that one third of our children moved is, perhaps, surprising, so it may be well to name those who have moved from the district:

Hazel McDonald, Robert Brown, Howard Goulette, Leah Bassett, Leslie Kincaid, Raymond Burrows, Charles Gerini, Elia Gerini, Ennio Gerini, Alice Bean, Dora Bean, Arthur Desrosier, Raymond Mann, Bertha Raines, Elizabeth Raines, Edward Raines, Barbara Shaw.

Although the Gerini children still live in the town of Deering, they do not live in the Deering School District, which serves to emphasize the fact that a school district and a town are absolutely independent organizations, with respect to each other, a fact not always understood. Considering the matter of floating population it is interesting to note that only 19 of our 44 pupils were born in Deering

The enrollment by grades was:—

Grades	Pupils	Ave. Age	Grades	Pupils	Ave. Age
1	6	6-0	5	7	9- 7
2	2	8-1	6	12	12- 1
3	4	8-9	7	3	12- 3
4	4	8-9	8	6	13-10

The percent of attendance was not as high as it

should have been. West Deering had 95.9%, East Deering 83.9%, North Deering 93.6% and Manselville 93.4%. Last year the Roll of Honor for perfect attendance was small and all were from Manselville. We make the same remark this year with emphasis, and ask parents to make a special effort to enforce regularity of attendance upon their children. Again all these honors go to Manselville. Last year there were three on the Honor Roll, and all from that school; this year there is only one:—

HONOR ROLL

Bibian Cote

We are, of course, pleased to see Bibian's name appear in that list year after year, but it is not a credit to the District to have only one on the Honor Roll, when we consider that one of my Districts, with only three more pupils on their registers, had 13 names on the Honor Roll.

The Supt. made 97 visits of supervision and inspection, of which 37, or more than one per week, were made to the Manselville School, because of disciplinary troubles during the first of the year. Thirty-six visits were made by members of the school board and 112 by parents and friends, who made 147 fewer visits than were made by them the previous year.

Two matters concerning the schools should be of great interest, first the results seen in the education of the children, and second the cost of obtaining these results. That our children are receiving a good education has been shown over and over again, and we may now consider the cost. For every \$1,000 of our valuation we spent \$12.92 on our schools. This amount is exceeded by 55 districts in this state. We spent \$6,340.45 and will compare that expense in detail with amounts spent for the same items in the state as a whole. We spent just about the same amount as the state average for truant officer, teachers' salary, books and supplies, and fuel. We spent less than the average for superintendent's salary, cost of administration, janitor's pay, janitor's supplies and medical inspection. Now for the items in which we pay more than the state's average. They are high school tuition

and transportation payments. We cannot in any way alter the high school tuition payments, as each district is allowed to charge no more than the actual cost, and no more than the state average, if that is less than the average cost in the district to which we send our high school pupils. The districts to which we send them could legally raise their high school tuition charges, as the per pupil cost in both districts is more than they charge us. The other item in which we greatly exceed the state average is the amount we pay for transportation. For that item in our budget we pay about twice the average amount paid throughout the state for the same number of pupils transported over similar roads, and the same distances. If our district paid those who transport our children the average paid throughout the state in other state aided districts we might save about \$300 each year, providing we had about the same transportation problem.

The Community Club again presented a picture to the school having the highest standing in work, deportment and attendance. It was won by the West Deering school, and presented by Mrs. McAlister to a representative of that school, at the graduation exercises, which were held in the town hall. The graduates, all from the Manselville School, were, Jeanette and Bibian Cote and Alfred Trottier, and all three entered high school at Hillsboro in the fall. The graduates were presented their diplomas by Mr. F. Langdon Davis.

We again thank the teachers for their faithful service, and the Community Club for the interest it has shown in education.

Respectfully submitted,

A. A. HOLDEN,

Supt. of Schools.
